1

Why are you submitting this OPT Reporting request? (Questionnaire)

Optional

Select the boxes that apply to you.

- ☒ I am on Initial OPT adding a new employer. I will provide an end date for a previous employer if applicable.
- ☐ I am on STEM Extension adding a new employer. I will be uploading a new I-983 for the new employer. I will also upload the I-983 Final Evaluation (bottom half of page 5) for the employer I am leaving (unless you are working for both jobs simultaneously).
- ☐ I am submitting an update to information for my current employer such as location, job title, supervisor, etc. If on STEM OPT I will also be uploading an updated I-983.
- ☐ I am submitting my STEM OPT validation report. If this is my one year validation, I will also be uploading my I-983 annual evaluation (top half of page 5).

Supervisor's Extension ?

Explain how employment is related to student's course of study *

My course in applied computer science provided comprehensive training in programming, software development methodologies, and database management, directly preparing me for my role as a software developer. Hands-on projects and internships enriched my practical skills and understanding of industry practices. The curriculum's focus on current technologies ensured I am adept at meeting modern software development demands. Additionally, I honed critical thinking and problem-solving abilities essential for effective software design and implementation. Overall, my education has been instrumental in equipping me with the expertise and adaptability needed to thrive in the software

equipping me with the expertise and adaptability needed to thrive in the software development field.
